**January 7, 2026, ARDMORE, PA** — The Justice Bell Foundation will mark America's 250th anniversary with a statewide tour retracing the historic 1915 journey of the Justice Bell across Pennsylvania.

More than a century ago, Pennsylvania suffragists traveled with a one-ton bronze bell whose chained, silenced clapper symbolized women's exclusion from the democratic process. The Justice Bell drew large crowds and widespread press attention as it rallied support for women's voting rights in the years leading up to the ratification of the Nineteenth Amendment.

The 2026 tour will revisit communities along the bell's original route with public programs exploring Pennsylvania women's leadership in the suffrage movement.

The tour features **Pennsylvania Women and Their Fight for the Vote**, presented by Amanda Owen, Executive Director of the Justice Bell Foundation and author of *The Justice Bell: Tracing the Journey of a Forgotten Symbol*. Each program includes a screening of the 19-minute documentary *Finding Justice: The Untold Story of Women's Fight for the Vote*, followed by discussion, audience Q&A, and a book signing.

Founded in 2016, the Justice Bell Foundation is a 501(c)(3) nonprofit dedicated to educating, inspiring, and mobilizing voters through public programs, educational initiatives, film, and a Justice Bell replica.

Organizations along the original 1915 route are invited to host programs during the 2026 tour; many programs are already confirmed and listed on the Foundation's News and Events page.
